Enquiry No. 1884.

PRESSED STEEL TANK AND STAGING FOR CLOSEPET WATER-SUPPLY.

GENTLEMEN,

Please be good enough to intimate your best prices f. o. r., Closepet, and the earliest time of delivery for the materials described below :—

One—Pressed Steel Tank (20′×16′×8′) of 16,000 gals. capacity on a staging of mild steel 20 ft. high as per the following specification :—

Specification for pressed steel tank of 16,000 gallons on 20 ft. high staging—size (20′×16′×8′) for Closepet Water Supply.

The tank should be of 16,000 gallons in capacity formed of pressed steel plates of 4′×4′ on sides and bottom. The size of the tank should be 20′×16′×8′ as per standard size. The top of the tank should be provided with flat M. S. plates ⅛″ thick, with roof support tees, angles, bracings, bolts and nuts, complete. All the tank interior bracings, jointing materials and tools should be provided and supplied. The top should consist of a circular manhole with cover and locking arrangement for getting into the tank from the top; a float and indicator board arrangement should also be supplied to show the water level in the tank. An inside ladder also should be supplied for the tank.

A suitable structure for the above tank 20′ high, with all bracings, cleats, bolts and nuts, with stanchions fixed with bed plates, foundation bolts, etc., complete, should be supplied, with tank support girders, complete.

An outside ladder with hand rail to reach the top of the tank provided with necessary bolts and nuts and other fixtures should also be supplied.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellations of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed " Quotations for Pressed Steel Tank and Staging for Closepet water-supply," with the above enquiry number.

This enquiry will be closed on the 3rd August 1936.

No. S. P. C. 790-820, *dated 20th July* 1936.

To

The Firms dealing in Electric Pumping Sets.

Enquiry No. 1885.

SUPPLY OF A PUMPING SET FOR CLOSEPET WATER-SUPPLY.

GENTLEMEN,

Please be good enough to intimate your best prices, f. o. r., Closepet and the earliest time of delivery for the materials described below --

One—Pumping plant consisting of a centrifugal pump capable of delivering 100 gals. of water per minute against a total head of 200' coupled to an electric motor of suitable horse power as per specification enclosed.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellation of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed " Quotations for Pumping Set for Closepet Water Supply," with the above enquiry number.

This enquiry will be closed on the 15th August 1936.

SPECIFICATION FOR A PUMPING PLANT REQUIRED FOR CLOSEPET WATER-SUPPLY.

The pumping unit should consist of a centrifugal pump capable of delivering 100 gallons per minute against a total head of 200' from all causes with arrangements for direct coupling with a motor of suitable horse power. A suitable C. I. gate valve and a gun metal reflux valve may be supplied with the pump, both of which may be one size larger than the delivery size of the pump. A suitable foot valve and strainer which may be one size larger than the suction bore of the pump also to be supplied.

An electric driven motor running on 3 phase-25 cycles-220 volts, A. C. system, suitable to work the above pump also to be supplied with flexible direct coupling to the pump shaft and both pump and motor mounted on common bed plate. The bed plate should be truly milled, with holes to suit the bottom stand holes of the motor pump. The required bed and foundation bolts also should be supplied. A suitable starter for the motor provided with an ammeter also to be supplied.

A complete set of tools and spanners necessary for handling the bolts and nuts in the plant, should be supplied with the unit.

The prices for the above may be quoted, f. o. r., Closepet Railway Station.

N.B.—The make and full specification of the instrument offered should accompany your quotation.

No. S. P. C. 905-20, dated 20th July 1936.

To

The Firms dealing in Wool.

Enquiry No. 1887.

SUPPLY OF WOOL.

GENTLEMEN,

Please be good enough to intimate your best prices for free delivery at the Central Jail, Bangalore, and the earliest time of delivery for different kinds of wool described below :—

1.	Clipped white wool	150	maunds.
2.	,, black ,, ...	250	,,
3.	,, fawn ,, ...	100	,,

N.B.—Samples should be sent along with quotation.

It should be distinctly understood that the acceptance by us of your tender will be subject to the following conditions :—

(1) The Stores Purchase Committee do not bind themselves to accept the lowest or any tender. They also reserve to themselves the right to accept, in whole or in part, any tender as they may deem fit.

(2) The delivery of the articles under this contract should be made at the Central Jail, Bangalore, in such quantities as may, from time to time, be required by the Superintendent, Central Jail, Bangalore.

(3) The quantities noted above are only approximate. The quantities to be purchased will be deemed to be confined to the quantities that may be actually drawn for consumption during the period of contract.

(4) Tenderers should specify rates per maund in the tender which should include all charges for free delivery at the Central Jail, Bangalore. Samples of wool offered should accompany the tenders.

(5) You should remit a sum of Rs. 100 as earnest money to the State Huzur Treasury Officer, Bangalore, with the attached challan form duly filled in, as earnest money in connection with your tender. Should you succeed in securing the order, the earnest money will be retained as security deposit in connection with the agreement to be executed by you under the following clauses.

(i) You should be prepared to execute an agreement undertaking to abide by the conditions of the tender and guaranteeing the proper performance of the contract as security for which the earnest money referred to above will be retained as deposit.

(ii) Withdrawal from your quotation after it is accepted or failure to execute the agreement will entail forfeiture of earnest money.

(iii) Failure to make the supply within the specified time or according to approved samples will entail cancellation of the order and purchases being made at your expense from other sources in addition to the forfeiture of the security deposit, and the levy of a penalty of three per cent of the value of the order as and by way of liquidated damages.

The tenders should be superscribed "Tenders for the Supply of Wool" and should reach this Office on or before the 3rd August 1936.
